

Information Sheet:

Oxygen Flash Back Arrestor for Integra® Cylinder and Acetylene Flash Back Arrestor for Integra® Cylinder

	Oxygen	Acetylene
Inlet connection (Air Products Integra® cylinder compatible)	Oxygen Integra® cylinder	Acetylene Integra® cylinder
Outlet connection (UK)	3/8" BSP R/H Cone	3/8" BSP L/H Cone
Outlet connection specification	ISO3253/EN560	ISO3253/EN560
Maximum Working Pressure	15 Barg	1.5 Barg
Maximum Operating Pressure	8 Barg	0.7 Barg
Maximum Flow Rate @ Max Operating Pressure	400 lpm @ 2.5 Bar Δp	30 lpm @ 0.3 Bar Δp
Non-Return Valve	Yes	Yes
Thermal Cut Off Valve	Yes	Yes
Flame Arrestor	Yes	Yes
Material	<ul style="list-style-type: none"> - Body - Sintered Element - Seals 	
	Brass <60% Cu (Acetylene Service) CrNi Nitrile rubber	
Applicable Standards	EN730-1 ISO 5175	
Identification and marking	Serial number and type number	
Cleaning specification	AP Specification 4WPI-SW70001
